

When I learn new things with computers, I practice one thing at a time. With this in mind, I will send a tip to hike leaders from time to time. Today, adding a link to an event listing.

Steps:

- decide what words you want to act as the link (it can be a descriptor or the actual address)
- example one - <http://www.kamloopshikingclub.net>
- example two - [Kamloops Hiking Club](#)
- find the url (web address) you want and copy it
- (I usually just highlight it with my cursor, right click and pick copy)
- highlight the text you want to act as a link in your posting
- **click the chain icon** (insert/edit link) above in the tools shown above the listing
- paste the url into the dialogue box and click add link
- (I usually want the link in a new tab, but that is just my preference)
- save or update your event listing

UP TO MAKE THIS A GO.  
WILL CANCEL IF HEAVY RAIN IS IN FORECAST.

**create link**

A double hike to the **link** area (must drive to 2 separate locations for the hikes. All are within 15km radius of one another.) followed by viewing of the Crazy Creek Waterfalls from the suspension bridge & a soak in the Crazy Creek Hot Pools (extra cost for this. Explained below).

The two trails are : **Eagle River Nature Park**, located at the Yard Creek Prov Park (9km round trip)  
**Gorge Creek Loop Trail** ( 3km round trip)  
Trail descriptions can be found here: <http://www.shuswaptrails.com/trails.php?area=0&id=29>  
<http://www.shuswaptrails.com/trails.php?area=0&id=30>, <http://www.shuswaptrails.com/trails.php?area=0&id=26> **highlight where you want your link**

\*\*Please note I inspected the trails last month. Gorge Creek loop trail is no longer a loop but can STILL be hiked. And there are 3 beautiful waterfalls on this trail.

**HOT POOLS:** I have arranged a deal with the admin of Crazy Creek Hot Pools. We will get a group discount of \$16/person which includes the waterfall viewing and the hot pools. **Must have a minimum of 12 people to obtain this discount.** Otherwise it's \$20 for both or \$10 for each separate thing.
