

Hike Leaders Recognition Program

The Board has approved a program to support the development of hike leaders.

Extended Guest Privileges for the Hike Leader

- Club policies still apply (register, waiver, fees, members first, etc.)
- The Board would like to provide additional privileges to add guests from time to time provided the basic requirements are all met
- Since bringing guests can be seen by other members, we have to use some discretion and moderation in doing so
- Issues of fairness and compliance are noticed so we have to use good judgement and be sensitive to the perceptions of others
- Guests will be visible on Attendees list in the future.

Full Events:

A Hike leader may add himself/herself to a full event with permission from the hike leader as long as he/she is willing to be a co-leader and the Event Leader agrees to it.

Recognition

- a recognition item from the Board for active leaders
- website and special event recognition.
- Opportunities as they arise
